A word from our Pastor

You are probably aware that I love visiting Israel. I have been there several times and have a desire to keep going to the land of the Bible. It is inspiring to walk where Jesus walked and to see the places mentioned in the Bible. Some have said after the trip to Israel that the Bible used to be black and white and now it is in color. The visit helps the Bible come alive as you see the places where miracles happened, where Jesus ministered, where he was crucified and risen from the dead. You will never read the Bible the same after you visit the places it mentions. I am leading another trip to Israel next year, March 7-16, 2020. We will explore all the significant biblical sites and learn much about the country of Israel. It is a study tour so be prepared to spend much time on the bus as we travel to sites and be ready to walk as we explore the various places. I am inviting you to come along with us this year. I would love for you to experience the land of Israel with us. If you are interested here is the link that connects you to the web page with all the information about the trip. <https://www.friendlyplanet.com/biblical-journeys/wilson-israel-2020.html>.
